

Pupil Voice - What does your child think?

Ensuring our children feel safe and happy is our number one priority. Hearing directly from the children will allow us to reflect upon their views and ensure we can do as much as possible to support them in September. We would like the children of GMCIS to complete a short survey, sharing how they feel about returning to school.

There are two pro formas available. One has been produced for the children who are currently at home, undertaking home learning. The other is for the children who have remained at school throughout, or returned to school. Please select the attached pro forma that is appropriate for your child.

The children currently in school will be undertaking similar discussions within their 'bubbles'.

The pro formas can be completed by:

1. Your child drawing or writing their answers to the questions.
2. An adult annotating what your child's views are during the discussion.

The pro forma is accessible on Google Classrooms and the school website.

If accessed via Google Classrooms, please submit it back to your child's class teacher using this platform by 17.07.20. It will be forwarded to Mrs Dobson.

If it is accessed via the website or email, please email it to your child's classroom email by 17.07.20. It will be forwarded to Mrs Dobson.

Thank you for your continued support. We look forward to your input.
